CHALLENGE X

Use Case

Creating Engaging and Interactive Content for a Virtual Museum

Project Sponsor: The Immigrant Hall of Honor

Problem Overview

- IHH: A new non-profit needs to separate itself from the crowd.
- Existing website (https://immigranthallofhonor.org) has relevant content, but not yet engaging.
- Two primary components to our virtual museum:
  1. Public storytelling platform
  2. Profiles of current IHH inductees
- IHH Challenge X focus is on developing profile content for current inductees:

Madeline Albright	**Irving Berlin**	**Celia Cruz**	**Albert Einstein**	**Bob Hope**
Hedy Lamar	**John Muir**	**James Naismith**	**I.M Pei**	**Levi Straus**

Your IHH Challenge

- Choose at least four of our current inductees
- Begin with existing IHH website content and increase depth with publicly available content
- All content should be reliable and verifiable
- Deliver content in a format that can be easily integrated into the existing web site

Goal: Enhance the existing IHH web with content that engage site visitors, especially young people

Madeline Albright | **Irving Berlin** | **Celia Cruz** | **Albert Einstein** | **Bob Hope**

Hedy Lamar | **John Muir** | **James Naismith** | **I.M Pei** | **Levi Straus**

Proposed Solution

You show us the solution!

- Begin with existing content for each inductee
- Conduct extensive and deep online research locating complementary multi-media resources
- Ensure accuracy, accessibility, and open access of potential resources
- Obtain appropriate resources
- Transfer resources to IHH communications/website team

Possible Resource Types

01 Historical video and audio content of or about inductees

02 Images of artifacts with AI generated annotation

03 AI generated video and audio of or about inductees

Impact & Goals
